

INNOVATING THE  
FUTURE WITH TECH.

With over two decades of expertise in software promotion and development, **Atlanta IT Solutions** has successfully established its flagship product, **atACC ERP**, as a world-renowned and internationally acclaimed business solution. Since its inception in 2002 in Kerala, India, **atACC ERP** has evolved into a trusted platform for streamlining the day-to-day operations of diverse business segments, including retail and wholesale trading, manufacturing, restaurants, mobile and computer shops, construction, hospitality, and service centres. Over the past several years, we have expanded our global footprint by operating our international business from our Dubai office. Today, more than **10,000 users** worldwide rely on **atACC ERP** to run their businesses efficiently.

In addition to **ERP** product development, Atlanta IT Solutions is actively engaged in custom project development, with strong expertise in .Net, Web, and Android applications. Enhancing its **ERP** suite, **atACC ERP** also offers a dedicated Android app to provide seamless mobility and convenience. Designed for flexibility, the solution can be easily customised to meet the unique needs of different industries. Furthermore, **atACC ERP** now comes with built-in multilingual support, including Arabic, French, and Bahasa Indonesia, ensuring global accessibility and user-friendliness.
